

Rally Engage – how to connect

NEW: HealthSafe ID is an enhanced, secure way for you to sign into your Rally Engage account or the Rally Engage app. You will also use it to access any UnitedHealthcare®, Optum® or Surest® websites.

How to register with Health Safe ID (HSID):

Have your date of birth, employer ID, Health Plan Member ID or Social Security number handy.

Create a username and password. (If you already have an HSID, sign in or select “Forgot username or password” to recover your information.)

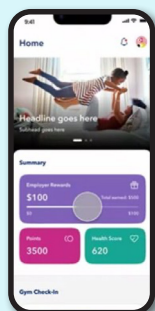

Set up a recovery device (confirm your email and phone number) to keep your account secure.

Detailed instructions can be found on the back of this flyer.

Once you have an HSID set up, visit eaton.rallyengage.com

Onboarding

- Accept the terms and conditions
- Select a username and avatar
- Complete the health survey
- Select your areas of focus
- Set your notification preferences
- Sync with a fitness tracker

Registration made easy with HealthSafe ID® (HSID)

An enhanced, secure way for you to sign into your UHG resources: Rally Engage, myuhc, Surest, OptumRx, and Live and Work Well.

What is HealthSafe ID?

HealthSafe ID is our leading technology that strengthens website authentication protocols and enhances the security of your account by adding dual-factor authentication.

HealthSafe ID is used as a single set of sign-in credentials across UnitedHealth Group® and gives you access to many of your health benefits with just one username and password. No more multiple passwords for multiple sites. Use it whenever you see the HealthSafe ID name.

Step 1: Register with HealthSafe ID

If you do not already have a HealthSafe ID account, you'll need to register with HSID.

- First and last name
- Date of birth
- Eaton employee ID number (do not include the "E" and leading zeros)

Step 2: Create a username and password

If you're registering for the first time, you'll be prompted to complete the account registration form.

If you try to create a new account using existing credentials, you'll get a message directing you to a "sign in" link where you can proceed with your existing HSID.

Step 3: Set up an account confirmation device

You'll need to confirm your email and phone number to keep your account secure.

Step 4: Create your account

After your HSID registration is done, you'll be prompted to finalize your account creation and sign in. Then you'll be directed to Rally Engage via eaton.rallyengage.com.

Rally is available to you at no additional cost as part of your employee health benefits. To learn more about your employer reward program, check out the Employer Rewards section on your dashboard. Rally Rewards rules apply to any rewards you earn.
